

1961 RED AND BLUE

1886-1961

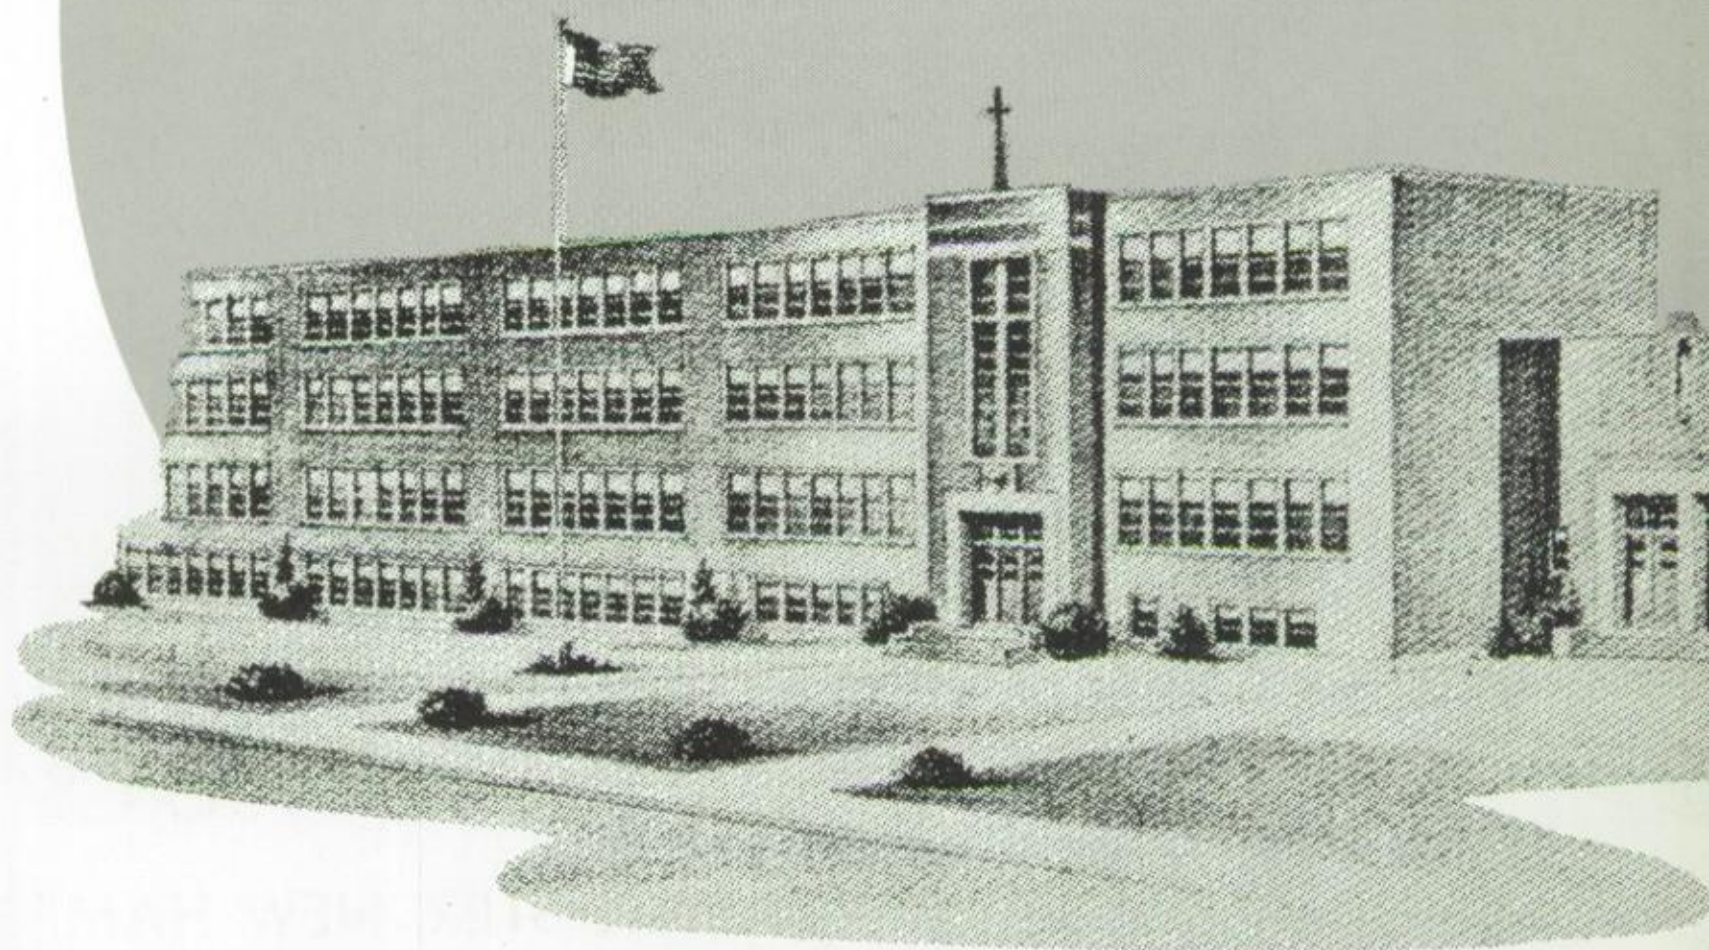

In recognition of the educational work
of the Christian Brothers in the Diocese
of Manchester for the past 75 years . . .

We, the Senior Class of 1961, proudly present . . .

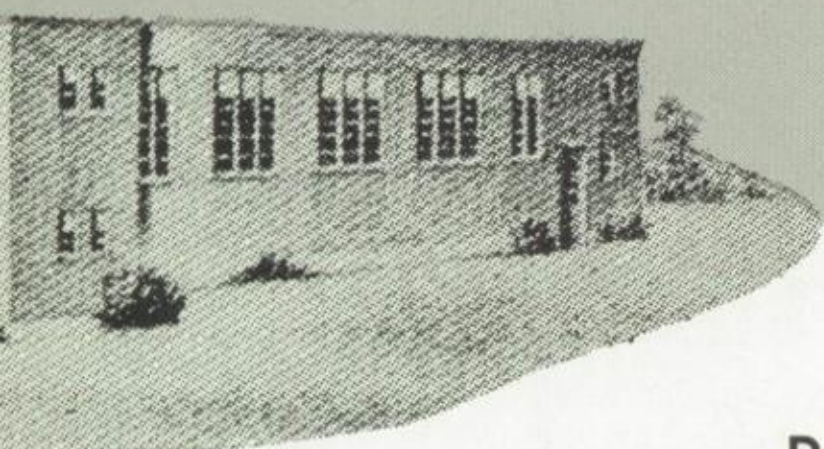

the
1961

RED

and
BLUE

BISHOP BRADLEY HIGH SCHOOL
MANCHESTER, NEW HAMPSHIRE

The 1961 Red and Blue takes special pride in honoring the Christian Brothers who have labored in the Diocese of Manchester for seventy-five blessed years.

In reviewing his personal share of those seventy-five years, each of us has his own memories—his own visions.

Brother Thomas . . . leading the new community of six Brothers from their arrival at Saint Joseph's on January 3, 1886 . . .

Brother Conrad . . . expanding the curriculum and extra-curricular activities, as Director from 1909 to 1915 and 1921 to 1926 . . .

Brother Lawrence . . . laboring to keep his boys in school during the dark days of depression . . .

Brother Catus . . . Brother Luke . . . Brother Brendan . . .

Each a memory . . . Each a man . . . Each a Brother.

Yet beyond our personal memories and visions lies the total impact, our common impression of the work the Brothers have done—training the whole man, body and soul.

As a tribute to that work and to the more than two hundred Christian Brothers who for seventy-five years have so nobly performed it, this book is affectionately dedicated.

Mr. Peter Conforti: 1936-1961

It is not alone that the Christian Brothers have realized seventy-five years of Christian education in the Manchester Diocese. Truly, the devotion and self-sacrifice of priests and laymen who realized the need for such education have played a vital role in the educational work of the Brothers.

It is most fitting that this Jubilee Year 1961 should also mark the completion of twenty-five years of devoted service by our own music director, Mr. Peter Conforti. Since 1936 Mr. Conforti has dedicated himself to one cause: the sound thinking of his boys—as musicians and as gentlemen.

We join the Brothers and the people of New Hampshire in congratulating Mr. Conforti on his Silver Jubilee. Ad multos annos!

The Maestro

Mr. Conforti arranges a number for the 1961 Musicales.

Our Bishop

Supreme Teacher In Our Diocese

Most Reverend Ernest J. Primeau, S.T.D.
Bishop of Manchester

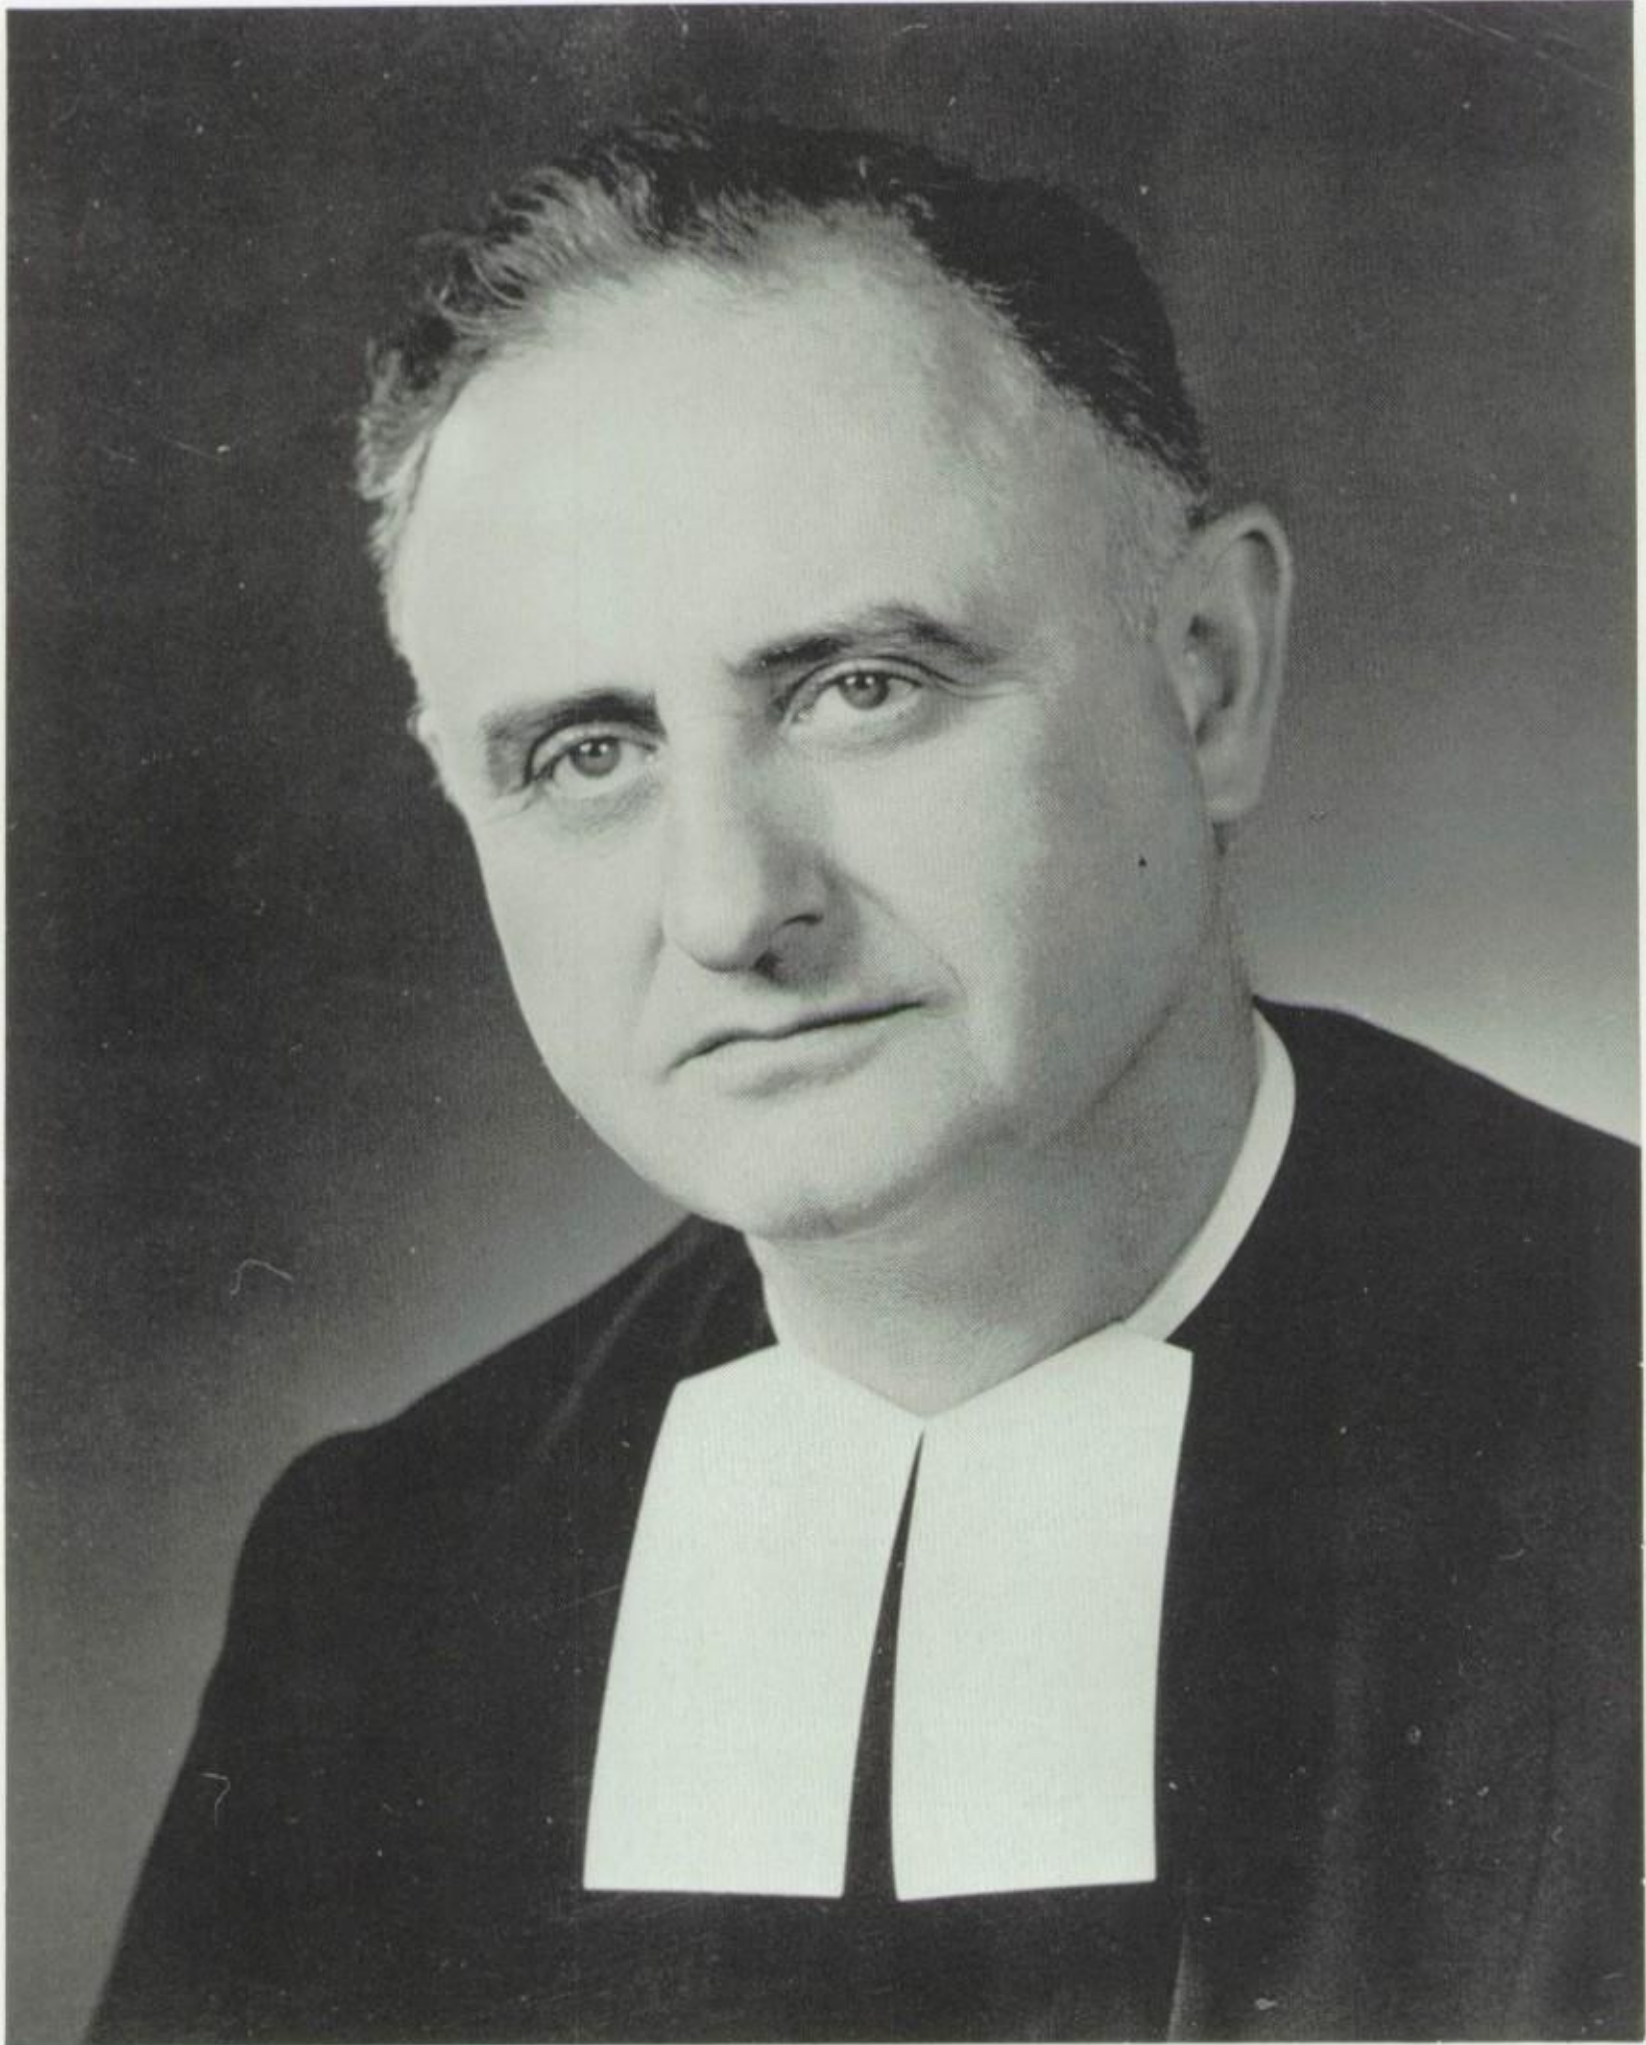

The education of a man is principally the formation and development of his spirit.

For seventy-five years the Christian Brothers of Saint Joseph's and Bishop Bradley have been dedicated to guiding their boys to live by the dictates of faith and reason. Through daily instruction and counsel, correction and example, the Brothers have shaped the lives of thousands in Manchester.

There can be no greater testimony to the education imparted by the Christian Brothers than the loyalty of the priests, religious, and laity of New Hampshire and the Nation who received their early training from the devoted sons of Saint John Baptist De La Salle.

THE JUNIORS

Looking back upon this our Junior Year we realize what a success it was. In the early part of the year many of the members of the class helped to make our football team what it was. While we are thinking of football, we remember with pride that the intramural football championships were won by Room 1 in Class A and by Room 210 in Class B.

Shortly after the year began, and under the guidance of our moderator, Brother Richard, we elected our class officers: Paul Lavigne, President; James Ferland, Vice-President; Raymond Loiselle, Secretary; John St. Hilaire, Treasurer; and Arthur Hurley, Representative.

As the athletic seasons progressed, the members of our class played important parts in basketball, track, and golf. Without the support of the Junior Class the teams would not have been what they were.

On the social side, each of the Junior Rooms took its turn in running a dance for the benefit of the Student Council. They were among the year's finest.

In support of the football team and on many other occasions, the Juniors in the band, under the direction of Mr. Conforti and Brother George, gave many fine performances as they rose to the occasions flawlessly.

Now at the closing of the year the Junior Class of 1960-61 would like to give its heartfelt thanks to the entire faculty for all that they have done to make this year enjoyable and memorable.

THE SOPHOMORES

On that seemingly endless day of school in the month of September, there were many strange and baffled looks on the faces of the new sophomores. The boys wearing them were enjoying a sensation that we had never known before—we were no longer "lowly frosh" but sophomores. As we were led to our individual homerooms, determination was stamped on our wide-eyed faces. Upon entering class we were greeted by our teachers, and the new school year was officially under way.

As time marched on, the sophomores kept pace, not only scholastically, but also athletically and socially. This year's class has been exceptionally active in sports. On the varsity football team there were eleven sophomores. The rest of the class showed their interest in the team by turning out in mass numbers at the games, and cheering the Pioneers to victory. The Junior Varsity had as its backbone an even dozen of Bradley's finest. It is very easy to see that this year's class was on the ball when it came to sports. And don't forget that Frosh-Soph Track Meet. We just "ran over" the "young 'uns" with 101 the champs of the event and 110 close behind.

It is evident to everyone that all eyes have been turned to this year's Sophomore Class. The boys of the Class of '63 cannot be denied their spirit and cooperation, for they have repeatedly proven that: "Where there's a will, there's a way". It's been a great year!

THE FRESHMEN

One wonderful day in September 1960, two hundred and forty-five vigorous new recruits entered Bradley and got ready for a full year of work. Some of them also had in mind the many extra-curricular activities Bradley has to offer.

Once acquainted with teachers and classmates, all were soon following the usual school procedure. As might be expected, we were frightened by the thought of receiving that first bi-weekly report card, but we soon became shock-proof in regard to them, as did our parents.

About midway through the first quarter, a Frosh-Soph track meet was held. The experience of the sophomores, we felt, accounted for their brief margin of victory.

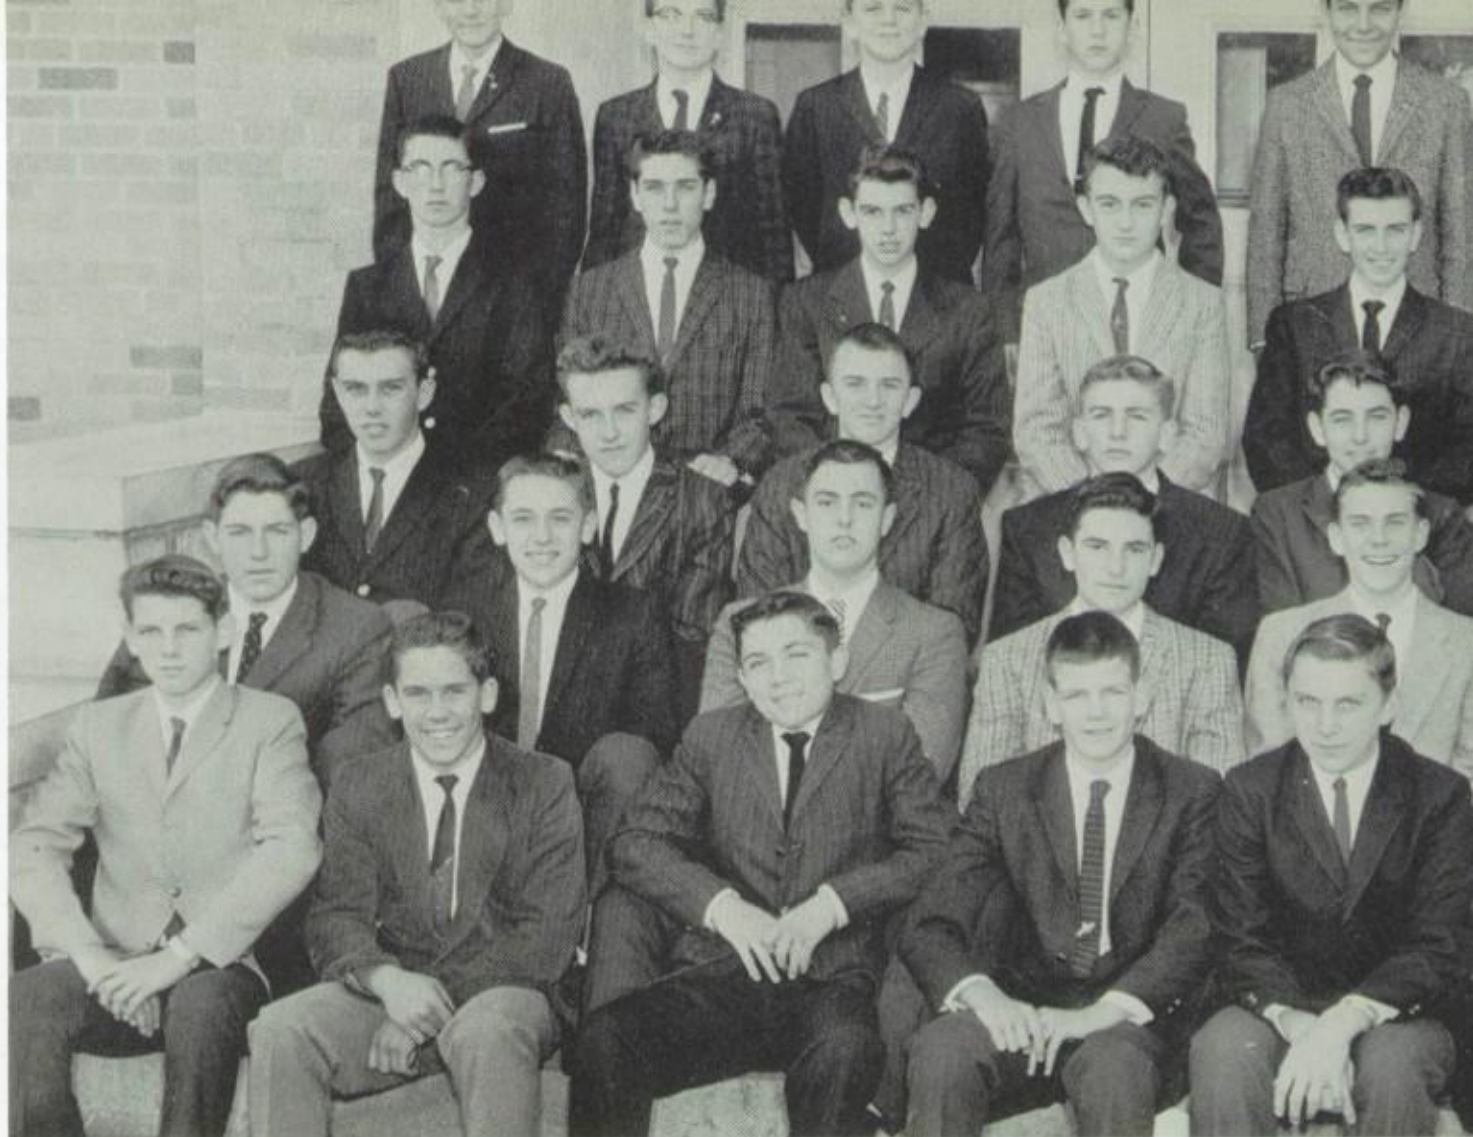

First Quarterly marks were compiled and the result was encouraging with 28 Frosh receiving first honors and 62 attaining second.

The beginning of the second quarter brought with it the close of the J.V. football season. The number of freshmen on the team showed the true school spirit. After a brief lull in freshmen sports, the basketball season was underway. There was a grand turnout of freshmen for try-outs but, unfortunately, only the best could be chosen.

As the school year ends, we look back over the months, and even though we may have had some dark moments, we have a warm, happy feeling in knowing that the year was not in vain, for at Bradley we have acquired new friends and gained new knowledge, all of which we will cherish for the rest of our lives.

Yes, the training of a man's spirit is many-sided.

The Christian Brothers have continually lived their realization that there is no artist or sculptor whose work is as great as forming the mind and character of a man. Such intellectual and moral training is not the work of the classroom alone; rather, it engages the full powers of body and soul for the Brother and his boys.

Through their principal work of instruction and their direction of our intellectual, cultural, and social development, the Christian Brothers have trained us to think, live, and act as Christian gentlemen.

As acknowledged experts in the field of education, the Christian Brothers have always recognized their objective of developing a sound mind in a sound body.

Beyond fostering personal physical fitness, the Brothers have encouraged and trained their boys to become leaders in the field of competitive athletics. The record of the past seventy-five years attests to the remarkable success of this phase of their educational work.

The City of Manchester has always been proud of the "Giant Killers" of Old St. Joseph's and the "Pioneers" of Bishop Bradley. Such pride is in itself sufficient testimony to the work of the Christian Brothers in directing the physical as well as the spiritual training of their boys.

BROTHER BRENDAN

SINCEREST THANKS FOR YOUR
DEVOTED WORK AS OUR MODERATOR

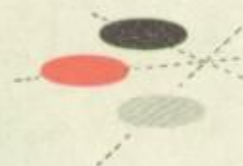

The Bishop Bradley Men's Association

In behalf of the entire Class of 1961, we wish to thank Brother Matthew, our Principal, and all who have in any way helped to make this book possible.

Our gratitude is extended to Will Rheault and Roland Beaulieu of Rheault Studios for their continued efforts to fulfill our every wish. Special thanks are also due to Steve Papavlo for his generous and efficient photographic coverage of the year's athletic events. To all we say a most sincere "Thank You!"
